**Mr David Brandt** received his *MSc Agric* (Animal Science) degree from the *University of Stellenbosch* where he researched alternative energy and protein sources in the Western Cape. Whilst completing his post graduate studies he spent 2 years with the *Department of Agriculture (Western Cape)*, where he gained extensive experience in Near Infra-red Reflectance Spectrometry instruments and technology.

David started his career at *Afgri Animal Feeds* as a Nutritionist and later joined the *Kuipers Group* as the group nutritionist where he gained extensive experience in breeder and layer nutrition. He then became *Managing Director at Eagles Rock Feed Mill* and managed the feed business for the Kuipers Group. David then joint AFGRI again as *Director of Monogastric Nutrition*. In 2011, David left Afgri Animal Feeds to start his own feed consultation company. Currently he is the *Managing Director and Poultry Specialist at Feed First*.

Feed First consults for a customer base that in total produce approximately 120 000 ton of feeds per month. He currently in involved in mentorship of 3 M.Sc. of students. David was awarded the prestigious *AFMA Technical Person of the year Award in 2018*

He maintains a research-based approach to his consultation and is responsible for 2 broiler trial facilities. David has a special interest in modelling response of poultry and maximizing profits for his customers
